

PRIVILEGE SEEKERS' ADVICE ON HEALTH BARRED BY HYLAN

Only Medical Men Whose Sympathies Are With People Will Be Consulted on Plans.

"When the question arises concerning the efficiency of the Health Department along medical lines," Mayor Hyman to-day wrote to Dr. Lee K. Frankel of No. 1 Madison Avenue, "the advice of medical men will not be sought whose sympathies are with the Milk Trust, the insurance companies, the shell fish industries, the Meat Trust or any other combination that seeks special privilege through the Health Department. However, the advice of medical men whose sympathies are with the people, will be asked for and taken."

Dr. Frankel is connected with the

Medical Department of the Metropolitan Life Insurance Company and is head of a Committee of Twenty-One chosen at a conference last Saturday to ask the Mayor to prevent the crippling of the Health Department. The conference was attended by representatives of civic and social organizations.

Mayor Hyman's letter to Dr. Frankel is somewhat similar to a letter written by the Mayor to Dr. Sigismund S. Goldwater, in which he said he did not care to discuss the Health Department investigation until the officials under him who are making the inquiry have completed at least one phase of their job.

Paragraphs in the Mayor's letter to Dr. Frankel reads: "You know better than any one comprising the committee who desire to see me some of the causes that make it necessary to conduct a thorough investigation of the Health Department, and it might be well for you to convey your information to the less informed members of your committee."

"Nothing you or any one on your committee can say will in any way stop a thorough and far reaching investigation of the Health Department, which I consider the most important department in the city. The attempt made by those who are desirous of stopping the investi-

gation by their propaganda in the press, endeavoring to mislead the people into the belief that I am interfering with the safeguarding of the health of the people of the city will fail when the truth is known.

"The complaints made alleging violations of the law, blackmail, graft, etc., do not require the attention or advice of trained medical men or the attention or advice of any committee."

COUNT SEEKS CITIZENSHIP.

Anton Alfred Forewears Allegiance to Emperor of Austria-Hungary.

Anton Alfred, Count of Thurn and Taxis, which is one of the oldest titles of nobility in the Central Empire, announced to-day his intention of becoming plain Anthony Dorn, American citizen. The Count appeared before County Clerk Schneider this morning and forewore his allegiance to Emperor Charles of Austria-Hungary. His first papers were obtained three years ago and, nearly done from now. If everything goes as the young nobleman desires, he will be admitted to citizenship. Alfred was born in Vienna in 1885. His present address was given at No. 1548 Broadway, New York, and the Macmillan Theatre, Chicago, where he has "musical director." The Thurn and Taxis family, according to Count Alfred, was originated in Germany six generations ago.

Two Held as Keepers of Disorderly Houses Near Camp Upton. The efforts of Camp Upton author-

ties to better conditions for the soldiers in towns near the camp bore fruit to-day when two women were arraigned on charges of keeping disorderly houses. The women were Mrs. Josephine Christman and Mrs. Bertha Albin. Justice of the Peace Coleman held them in \$1,000 bail each for the Grand Jury.
